

## Senior Data Manager

Are you an experienced Data Manager with project management skills and do you thrive in a dynamic, inspiring environment? Would you enjoy working with different projects both in-house and based at client's offices?

If so, Larix offers you the opportunity to work in a stimulating environment, with the possibility to influence your work and responsibilities.

**Larix A/S is a Nordic CRO** – we offer full-service solutions within the pharmaceutical and medical device areas. Our headquarters are located near Copenhagen in the middle of the Medicon Valley region, and we have strong ties to the thriving pharmaceutical and biotech activities in this region. We also have local presence in Lund, Oslo and Helsinki.

At Larix, we keep a friendly atmosphere – we think having fun while working is important. We are a relatively small company with approximately 55 employees, and we have all the benefits of being able to collaborate across functions, follow clinical study processes from start to finish, and learn from each other. We offer an exciting job in a dynamic company, which is developing extensively.

**Data Management at Larix involves** working on a range of different projects, some only concerning data management tasks, others including full-service functions and close collaboration with other functions within the company. Some tasks are carried out in-house at the Larix office, while others are completed as an in-house consultant at the client's location. The tasks are therefore diverse, and we expect that you will see this as an advantage. A key aspect of your job is making sure stakeholders get what they need in a timely manner with focus on Communication, Proactivity and Quality on time.

You will be joining a qualified and experienced data management team and be part of our Nordic team reporting to Director Data management in Herlev.

**You are an experienced Data Manager** from the CRO industry, the pharmaceutical industry and/or biotech companies – we will get to know you as a proactive and competent colleague who approaches projects with a team players' spirit. At the same time, you are very good in working independently and are able to plan, structure and drive your own tasks with focus on high quality. You are an open-minded, co-operative and service-minded person with good communication skills in English, verbal as well as in writing.

Moreover, you have experience:

- within Project Management and oversight of DM activities
- with CDISC standards
- with hands-on operational tasks throughout the data management life cycle
- Technical skills are an asset
- SAS programming skills are considered an asset
- Experience with device and NIS studies is considered an asset

**We look forward to welcoming you on board** – Larix offers a competitive salary package including pension scheme, life and medical cover, ongoing education and the opportunity to work from home from time to time.
