

Senior Clinical Data Manager

Are you an experienced Clinical Data Manager with project management skills and do you thrive in a dynamic, inspiring environment? Would you enjoy working as a consultant with different projects based at client's offices?

If so, Larix offers you the opportunity to work in a stimulating environment, with the possibility to influence your work and responsibilities.

What you will do

As a Data Manager in Larix will involve working on a range of different projects, some only concerning data management tasks, others including full-service functions and close collaboration with other functions within the company. Some tasks are carried out in-house at the Larix office, while others are completed as an in-house consultant at the client's location. The tasks are therefore diverse, and we expect that you will see this as an advantage. A key aspect of your job is making sure stakeholders get what they need in a timely manner with focus on Communication, Proactivity and Quality on time.

You will be joining a qualified and experienced data management team and you will be a part of our Nordic team reporting to Director Data management in the Lund office.

Who you are

You are an experienced Data Manager from the CRO industry, the pharmaceutical industry and/or biotech companies – we will get to know you as a proactive and competent colleague who approaches projects with a team players' spirit. At the same time, you are very good in working independently and can plan, structure, and drive your own tasks with focus on high quality. You are a person with good communication skills in English, verbal as well as in writing. It is advantage if you have experience within SAS programming, experience within medical device and NIS studies.

Moreover, you have experience:

- within Project Management and oversight of DM activities
- with CDISC standards
- with hands-on operational tasks throughout the data management life cycle

Are you interested?

We would love to hear from you. To apply for this position, please forward your application and CV to job@larixcro.com. Applications will be handled by our Talent Acquisition Partner in the order they arrive.

Please note that vacancies will be filled on a rolling basis after opening and this job posting is also for our candidate pool for future job openings. Therefore, we highly recommend you submit your application as early as possible to be considered for the opportunity of your choice.

Communication ♦ Proactivity ♦ Quality on time

Who is Larix?

Larix A/S is a Nordic Contract Research Organization (CRO) – we offer full-service solutions within the pharmaceutical, biotech and medical device areas. Our headquarters are located near Copenhagen in the middle of the Medicon Valley region, and we have strong ties to the thriving pharmaceutical and biotech activities in this region. We also have an office at Medicon Village in Lund and a local presence in Oslo and Helsinki. Larix is a part of Alten Group and we work closely with our sister company (Aixial), which gives us all the advantages of being a small, agile and flexible company combined with support from a larger company when it comes to e.g. systems and resources.

At Larix, we maintain a friendly atmosphere – we think having fun while working is important, and we prioritize creating a work environment with a healthy work-life balance. We are a relatively small company with approximately 70 employees, and we have all the benefits of being able to collaborate across functions, learn from each other and follow clinical study processes from start to finish.
